

Year 6 Home Learning
w/b 6th July 2020

Hello Year 6s!

Thanks for all your work last week – we’ve really enjoyed reading and seeing what you’ve done!

We have now reached the last week of your last term in Year 6 as all the Year 6s are leaving on Friday 10th July. We hope that all the activities over the past few weeks have helped you to feel ‘secondary ready’ by practising all the skills you have learnt across the whole Junior School curriculum. **So for this last week, make sure you continue to apply yourself to the very best of your abilities and show what you are truly capable of achieving.**

All of your activities for this week are explained below, and you can find any tasks related to them on the school website. **Don’t forget to read the instructions carefully – they will help you to understand exactly what to do.**

Work through some English and Maths every day in the order listed and then have a go at the other subjects one each day. Remember to find time for reading, practising times tables and keeping active too!

As always, make sure you’re posting your news and your work to the Padlets. **As some children are now back in school, please use the Year 6 Padlet so all the home learners can communicate together, regardless of class.**

If you want to do something else, follow one of the other websites suggested on the school website.

We wish you all the best for your future – plus keep an eye on the website for some special Leavers’ videos!

Year 6 Teachers

Subject	Activities
<p>Reading</p>	<p>This week, there is a new fiction, called The Pack of Pompeii, and non-fiction, about the Tour De France, comprehension activity for you to try. Each of them has three levels – Easy, Average and Challenge – with each having a version of the text and a set of questions following it. You should choose the one that best suits yourself as a reader – many of you will want to do the third Challenge version. The answers are at the end of each set of questions so you can look and see how you do <u>when you finish</u>. Remember to read daily for 30 minutes and share your thoughts and reviews on the Year 6 Padlet. You can also continue to challenge yourself to work through Read Theory. You might also like to listen to an audio book for a change. You will find a great selection from the links on our website https://www.ckjs.org.uk/Learning-from-home-Further-ideas-for-Reading/</p>
<p>Grammar</p>	<p>On the Year 6 Learning at Home page is the Year 6 Summer English Activity Booklet: there are a number of challenges for you to tackle on all aspects of your learning in English during your time at the Junior school! Work through this booklet, writing your answers in your own Home Learning book or on a piece of paper or even typed into a Word document. The answers are in the separate booklet so you can look and see how you do <u>when you finish</u>.</p>
<p>Writing</p>	<p>This week, you will continue to look at ‘Boy’ by Roald Dahl, Dahl’s version of an ‘autobiography’ about his younger life. Being Roald Dahl, as you already know, his version has wonderfully exaggerated characters and some unexpected twists to the plot – whether they are true to his actual life is for you, the reader to decide! You’re going to use the chapter called ‘The Bicycle and the Sweet shop’ which are two things he remembers from his time at Junior school, to help think about how you can write about similar things that have happened to you in your ‘young life’.</p> <ol style="list-style-type: none"> 1. The PowerPoint for Boy- Lesson 1 on the school website asks you to think about how Roald Dahl makes the start, when he sees a boy riding the bike without holding the handlebars, a really important point in his life – it becomes an ‘ambition’ for him to do it too! So you then need to think about any similar experiences you have had when you saw somebody do something and you really wanted to do it yourself , or even if you have any other ambitions that you want to achieve when you get older. You can then muse these ideas to create your plan for your ‘Ambition’ Chapter of your ‘life’ story using the planning sheet. 2. The PowerPoint for Boy- Lesson 2 on the school website asks you to now write your ‘ambition’ chapter. There is an idea for how to start your chapter so make sure you that you grab the reader’s attention; there are also some ideas of sentences you could use near the end of your writing to stress how important this ambition really is to you and how much you want to achieve it. Think about what you have planned to include in this chapter and when you are ready, it is time to start writing: <p>Go to Purple Mash and login. Go to the ‘2Dos’ and select ‘Ambition Chapter – My Life Story’ listing. You can save it and return to it at different times. When you have finished, click ‘Hand in’.</p>

Spelling	This week you are continuing to practise a group of patterns from the Year 5 and 6 list, which appeared in your Spelling booklet from the Spring term homework. Find the list of words on the Year 6 Worksheets & Resources section of the website and practise them each day as well as writing them in 6 sentences. When you are ready to be tested, log in to Purple Mash and take the quiz to get your score.
Maths	This week, you are going to have a go at some very basic algebra. Don't worry if you find it tricky – you will do it again at secondary school! Use this website to help you: https://www.bbc.co.uk/bitesize/topics/zghp34j Login to MyMaths to find these tasks for the week. Don't forget to also keep up your TTRS effort and keep reaching for the heights of Rock Hero.
PSHCE	This week, we would suggest thinking more about your transition into Year 7. Look on the website of the Secondary school you will be going to in September – all of them now have sections which are specifically there to help you find out more about the school and what it will be like there so you can read that before going in September. This is a task best tackled with someone else at home – a parent or an older brother or sister who has been through the change from Year 6 into Year 7. Read through the information and talk about how you feel about each point with that person. Most importantly, talk about what you can do to be ready for going to your new school as you prepare to become a Year 7 after the summer holidays.
Art/Topic/ DT	To finish our time in Year 6, our topic is "All the World's A Stage". Even though we can't put on our planned Year 6 production in the school hall, we can still put on our very own mini-productions. So your task over the next three weeks is to make your own box theatre and to then decorate it with a scene from your favourite book, musical, play or stage production. These links show how to turn a cereal box into a box theatre and so could be useful guides: https://www.bbcgoodfood.com/howto/guide/how-make-puppet-theatre https://www.letsplaykidsmusic.com/make-homemade-puppet-theatre/ Have a look at these websites to give you some ideas about how to make your box theatre. https://kelvedonacademy.com/uncategorized/2018/03/shoe-box-scenes-from-shakespeares-plays-by-y6/ http://westoxfordschool.co.uk/1881/beowulf-box-theatre-project/ https://angrychicken.typepad.com/angry_chicken/2009/11/toy-theater.html You can keep yours relatively simple by decorating it and adding scenery – you don't need to add working lights if you don't have the resources available to do so! There are some templates on the Year 6 worksheets and resources section of the website to help you with making the front of your theatre. When you finish your theatre this week, remember to post a picture of your finished theatre and stage scene on the Year 6 Padlet. We all look forward to seeing what you come up with!
French	Bonjour Year 6! Well done to everyone who completed their work on school! We are going to continue with our work on clothes, adding descriptions.
Physical fitness	Set yourself a challenge of doing 100 exercises in 100 seconds! Can you do 100 high knees? Can you do 100 jumping jacks? Can you do 100 arm circles? Can you do 100 jumps? If you think of a good idea to do 100 of in 100 seconds, post it on the Padlet!
Keep Connected	Aim to post photos of the work you have been doing this week on the Year 6 Padlet as well as the activities you have been enjoying doing at home. Aim to post at least once each week if possible.
Mental wellbeing	My achievements We're approaching the end of the school year. This week, think about your achievements since September last year. Perhaps this could be an achievement in school, such as getting 10/10 in your spelling test each week. Maybe it was an achievement while you've been at home, such as doing Joe Wicks every day or growing your own vegetables. Make a note of your best achievements since September. What do you hope to achieve by the end of next school year?
