This template can be used for multiple purposes:

- It enables schools to effectively plan their use of the Primary PE and sport premium
- It helps schools to meet the requirements (as set out in guidance) to publish information on their Primary PE and sport premium
- It will be an effective document to support Ofsted inspections enabling schools to evidence progress in Physical Education (PE) and evidence swimming attainment, which forms part of the PE National Curriculum. We would recommend schools consider the Intent, Implementation and Impact of any spend, as examined within the Education Inspection Framework.

It is important that your grant is used effectively and based on school need.

Schools must use the funding to make **additional and sustainable improvements** to the quality of the PE, School Sport and Physical Activity (PESSPA) they offer. This means that you should use the Primary PE and sport premium to:

- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
- Develop or add to the PESSPA activities that your school already offers.

The Primary PE and sport premium should not be used to fund capital spend projects; the school's core budget should fund these. Further detail on capital expenditure can be found in the updated [Primary PE and sport premium guidance](#).

The Primary PE and sport premium guidance, outlines 5 key priorities that funding should be used towards. It is not

necessary that spending has to meet all the key priorities, you should select the priorities that you aim to use any funding towards.

Although completing this template is not a requirement for schools, schools are required to publish details of how they spend this funding. Schools must also outline what the impact this funding has had on pupils' PE and sport participation and attainment and how any spending will be sustainable in the future. **All funding must be spent by 31st July 2024.**

The Department for Education has worked closely with the Association for Physical Education (afPE) and the Youth Sport Trust (YST) to develop this template and encourages schools to use it. This template is an effective way of meeting the reporting requirements of the Primary PE and sport premium.

Review of last year's spend and key achievements (2022/2023)

We recommend you start by reflecting on the impact of current provision and reviewing your previous spend.

	September 2022. Early morning circuits club offered and was extremely well attended. Girls cricket club introduced and was well attended.	
Use spreadsheet tracker and information gathered by teachers to ensure clubs list is targeting less active children and is inclusive.	Team selection tracker completed throughout year to ensure that children are given opportunities to represent the school at an event.	Children given opportunities to compete by the time they reach Y6.
Develop a new team of Young Leaders in Y6 as the new academic year begins.	Successful young leader programme - especially small sided games at lunchtime this academic year.	Continue this scheme throughout the school with more focus on football.
Catch up swimming programme.	Specialist swimming teaching ensures water confidence, safety and high percentage of children able to swim 25m by the end of Y6.	Catch-up programme successful in raising numbers of children who can swim 25m by end of Y6.
Provision of Bikeability sessions for children in Y6 to encourage travel to school by bike.	69 children took part in September 2022.	Try to improve the number of children taking part next year in September 2023.

	<p>Within school</p> <p>Competitive sports day at CKJS June 2024.</p> <p>Competitive swimming gala at CKJS July 2024</p>	
All clubs well attended and new clubs introduced.	Forest school and football clubs all with waiting lists due to popularity.	Consider running girls only football/cricket after school rather than lunchtime to raise profile and get greater numbers involved.
Young leaders scheme with more focus on football at lunchtime.	Children in Y6 were able to run lunchtime football sessions setting out equipment, organising younger children into teams alongside taking on the role of referee. This gave a good number of children a specific focus at lunchtime who benefitted from the structure of an organised game, keeping up their physical activity.	Continue Young Leaders next year and consider sports and games that engage the children at lunchtime.
Swimming	<p>Catch-up programme offered to raise numbers of children who can swim 25m by end of Y6.</p> <p>See swimming page below for specific data</p>	To start this earlier in the academic year to ensure numbers are at least 95%. To target Year 5 earlier in preparation for Year 6 the following year.
Tag Rugby	<p>Rugby profile raised after assembly and promotion by staff.</p> <p>Numbers of children attending the club increased this year. See reception for numbers.</p>	New tag rugby belts were purchased.
Bikeability	Children who couldn't ride a bike before Bikeability cycle training now can.	Will continue to provide this valuable life skill as required in the next academic year.

	<p>Children who could already ride a bike were more confident and aware when riding on the road after Bikeability cycle training.</p> <p>82 participants -improved results from September 2023.</p>	
Olympics 2024	<p>All children participated in cross phase sports and activities from R to Y6.</p> <p>Y2 children were able to become more familiar with Y3 teachers and the school site to aid transition for September 2024.</p> <p>Children were inspired after meeting visiting athlete and participated in circuit challenges during the day to highlight required fitness levels across all sport.</p>	Will repeat whole school events as appropriate in the next academic year.

Swimming Data

Meeting National Curriculum requirements for swimming and water safety.

Priority should always be given to ensuring that pupils can perform safe self-rescue even if they do not fully meet the first two requirements of the National Curriculum programme of study

<u>Question</u>	<u>Stats:</u>	<u>Further context</u> <u>Relative to local challenges</u>
What percentage of your current Year 6 cohort can swim competently, confidently and proficiently over a distance of at least 25 metres?	81%	Numbers are an honest assessment of children swimming competently, confidently and proficiently over a distance of 25m.
What percentage of your current Year 6 cohort can use a range of strokes effectively [for example, front crawl, backstroke, and breaststroke]?	81%	As above

<p>What percentage of your current Year 6 cohort are able to perform safe self-rescue in different water-based situations?</p>	<p>81%</p>	
<p>If your schools swimming data is below national expectation, you can choose to use the Primary PE and sport premium to provide additional top-up sessions for those pupils that did not meet National Curriculum requirements after the completion of core lessons. Have you done this?</p>	<p>Yes</p>	<p>Individual catch-up lessons provided for those children who needed further teaching and time to practice skills.</p>
<p>Have you provided CPD to improve the knowledge and confidence of staff to be able to teach swimming and water safety?</p>	<p>Yes</p>	<p>Staff members attended courses to improve knowledge and confidence when teaching swimming.</p>
